GREASY LUCK BREWERY

New Bedford, Massachusetts

(Just a short walk from The Fairfield Inn)

Date: Wednesday, August 16, 2017

Location: Greasy Luck Brewery
791 Purchase Street
New Bedford, MA 02740

Time: 6:00 PM

GREASY LUCK BREWERY

The term "Greasy Luck" originates from the days when whaling ships dominated the horizons. In the early 19th century family and friends would gather at the docks to wish "Greasy Luck" upon those who were headed on a whaling voyage. Since then the term "Greasy Luck" has evolved into a general gesture of luck, good health, and success in any venture.

Greasy Luck takes over a spacious, one-time bank building with a full-service brewpub with a SmartBrew system on view. Greasy Luck debut with four house brews: White Album IPA, New Beige Blueberry Ale, Purchase Street Pale Ale, and Whaler Spout Coffee Stout.

The rich history of New Bedford, Massachusetts encapsulated in the detailed whaling murals displayed on the walls, the industrial light fixtures that hang from the ceiling, the original 20th century bank vault that stores our Lucky Club Mugs, and the name itself, Greasy Luck Brewery.
