

2015 QUG MEETING

QUIKLOOK USERS GROUP

Date: August 19th & 20th, 2015

Location: Teledyne Test Services,
513 Mill Street - Marion, MA

Announcement

The 2015 QUIKLOOK Users Group Annual Meeting will be held on August 19th & 20th, 2015 at the Teledyne facilities in Marion, Massachusetts. The meeting will include presentations by our staff on subjects of interest in the QUIKLOOK / MIDAS / ACE world, as well as hands-on sessions with Teledyne equipment installed on an actual MOV or AOV.

As always, we plan to have as many of our staff as possible here to participate and to be available to answer your questions. We are also planning to host a special dinner event as we have done in previous years.

Since this meeting will include a QUIKLOOK user forum, please feel free to present or to bring up for discussion any topic that you think would be useful to your fellow attendees. If you don't wish to present information, please let us know of any QUIKLOOK-related topics you would like to have us include as topics of discussion. As the 2015 QUG meeting approaches we will be sending more detailed program information, which will depend in part on what you suggest when you contact us.

A formal invitation and agenda will soon follow. This announcement will appear on our web site (www.valvetest.com). Please contact Lori Contant at lori.contant@teledyne.com or (508) 748-0103 x102 if you should have any questions.

We look forward to seeing you there!
